Dear Dr. Henney:

I am writing this letter to request that you use whatever power you have to make people aware of the fact that antibiotics should not be prescribed just to satisfy the patient, and definitely should not be allowed to be used simply for fattening or promoting growth in hogs, cows, and chickens.

We try to keep ourselves informed, and try to write letters on the important issues. We support the CSPI petition.

Thank you for your time and dedication in what I'm certain is a stressful career.

Sincerely yours,

Silvia Fiondo
